

## **“Internet 50 GB” Prepaid Tariff Plan**

### **Monthly Fee: 2000 AMD**

- Internet Package: 50 GB

### **Detailed Description:**

- The tariff plan is available to physical entities.
- Payment for the tariff plan is valid for 30 days. If there is enough money on the balance after 30 days, the monthly fee will be deducted from the balance and 50 GB will be provided for another 30 days.
- Voice services, the ability to make incoming and outgoing calls, are not available to subscribers of the Internet 50 GB tariff plan.
- The 50 GB high-speed Internet volume provided by the tariff plan is provided in full on the first day of connection.
- After the volume of high-speed Internet is used up, the Internet is not provided until the end of the TP validity period.
- If the provided high-speed volume is not completely used up within 30 days, the Internet balance is not reset to zero, but is transferred to the next month in the amount of a maximum of 50 GB.
- Internet volume is transferred to the next month only in case of timely renewal of the package.
